Hello, I am very sad, because the food is very bad, and then Nauru is very hot. Then, the houses are very hot, we only have one fan. Then, the officers are very angry. I have had an argument with them once. And then the Save Children are very bad. If I want something, they will not give it to me and it makes us sad. Then, there is no water. When I want to have a shower, I cannot go. And then, I only play with my friends. Then, Medical is very bad. I go to running classes (**Translator: Could mean: I run to my classes*) and I tell my teacher and my teacher doesn't do anything about it. I am very sad. One night in Nauru, we found a scorpion. We also found a snake once. Thank you. Freedom.
